

Teachers Helping Teachers

Hearts for Jesus

OUR HEARTS FOR JESUS MISSION IS FOR TEACHERS TOO!

WHAT: As part of the Hearts for Jesus mission we are excited to welcome you as Lutheran school teachers to be an integral part of LeadaChild's ministry. We would love to have you join us in raising support for LeadaChild teachers and leaders who serve children in developing countries. It would be a tremendous blessing and collegial encouragement if you would consider offering financial support for a group of teachers at one of our sites.

Depending on the location, teachers in these countries earn between \$700 and \$5000 a year. Even with this limited salary, many school ministries find it very difficult to pay teachers the full amount.

WHO: Like you, the teachers you are supporting are faithful, committed servants who carry out the mission of sharing the love of Jesus with children around the world.

WHY: As a Lutheran educator you know firsthand the importance of encouraging, training, and paying Lutheran school teachers. Imagine the smiles on teacher's faces when they realize their colleagues in the U.S. are partnering with them in ministry by raising financial support.

HOW: This is where the fun comes in. The possibilities are endless. You could:

1. Write a check
2. Host a virtual or in person happy hour. Let people know ahead of time that you are hosting a fundraising event. There is no need to be fancy. Take a few minutes to show participants a LeadaChild video or share a brochure, etc. Invite them to write a check to your school, which will then be shared with LeadaChild. Have them write "Teachers Helping Teachers" in the memo line.
3. Use Action Team money through Thrivent. If you have a Thrivent policy or know someone who does, you can apply for \$250.00 to use as seed money for a fundraiser. With those funds, you can pay for food and host a fundraiser dinner in your home. Let people know this is a fundraiser. You supply the food and drink in your home (or someone else's) and people come to have a good time and support your efforts.
4. Use Action Team money through Thrivent to buy craft material or baking supplies. Sell your wares and give the proceeds to the Hearts for Jesus effort.

The sky is the limit! Have fun! Email Lisa Hellyer, LeadaChild's Director of Engagement & Outreach at lisa@leadachild.org for ideas.
